# KIMBERLEE KESWICK DESIGN, INC

CELEBRATING DESIGN THAT ENDURES. We believe in timelessness, not trendiness. In melding the best of Garden Design, garden ornaments, antiques and contemporary style. In designing beautiful and pertinent objects for exterior and interior spaces. In providing our clients the pleasure our signature style imbues. In serving you, our client to the utmost.

Kimberlee Keswick, principal of Kimberlee Keswick Design, Inc. is a groundbreaker in creating elegant and contemporary landscape design and planter boxes. This self described classicist brings a unique perspective to design that incorporates her training as a graphic designer and painter with her extensive knowledge and experience in exterior and interior space design maintaining a signature of enduring beauty and lasting appeal. *"Beauty has always been my passion; be it art, painting, architecture or nature - it has been a life-long inspiration for me to merge those traditionally-segregated design forms like product design, landscape design and architecture - it's a testament to melding my love of design with nature".*

In 2006, Ms Keswick launched the Keswick Planter Box Collection, a unique line of contemporary planter boxes that defines her personal approach and a process that ensures KKDI's line of planter boxes maintain its integrity in the skilled hands of accomplished artisans. The result is a distinctive and enduring presence to any private or public setting. Ms. Keswick's designs have been featured in *Elle Decor, Garden Design, House Beautiful, California Home + Design* and many other publications.

*KKDI offers the following:*

*Planter Boxes*

*Garden Design*

*Garden Ornament Placement*

*Sourcing and Acquisitions of Garden Antiques and Objects*
